

Heh?  
Whoozat?

I'm... uhh...

You must  
be a  
newcomer!

I've been  
here a long  
time, and I know  
everyone here.  
But I don't  
know you,  
so you  
have to be  
new here!

Now we don't get new comers too  
often, here, so I don't know  
if they'd trust you. But  
there's something  
about  
you...

Hey, wait  
a moment...

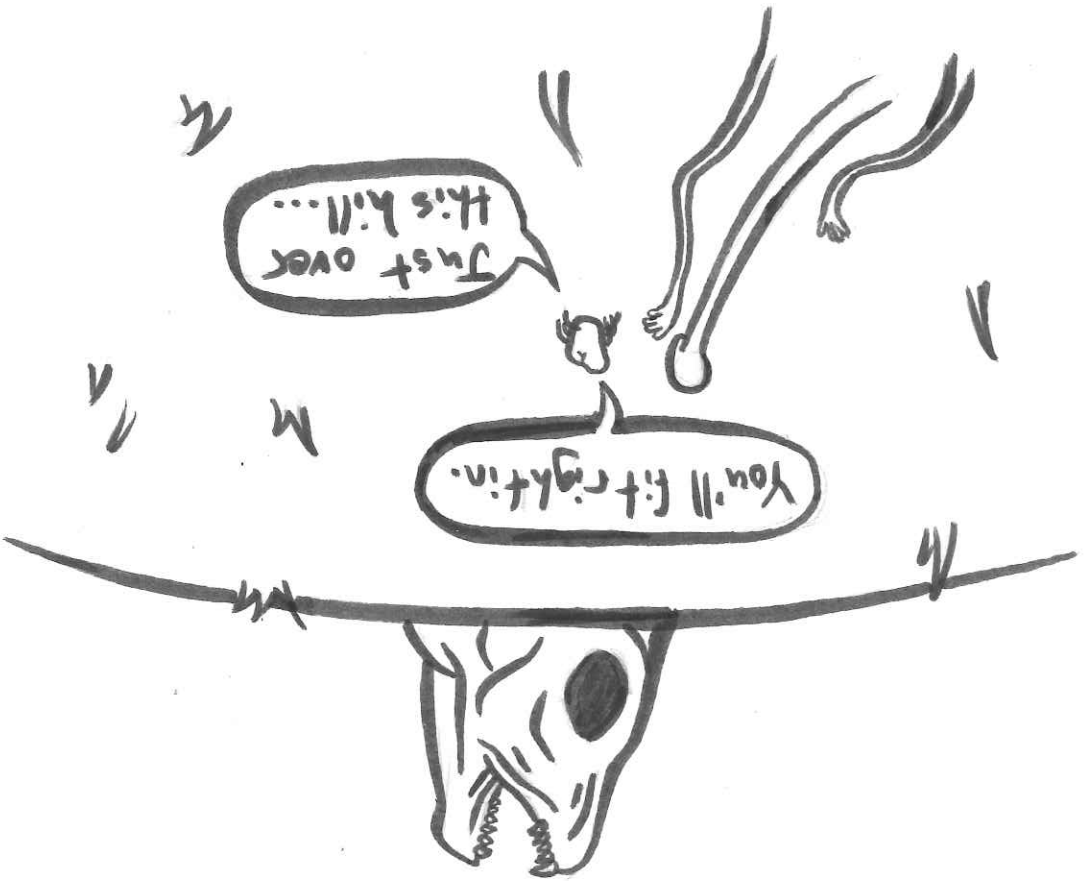

Where IS "here?"

Who are "they?" More like you?

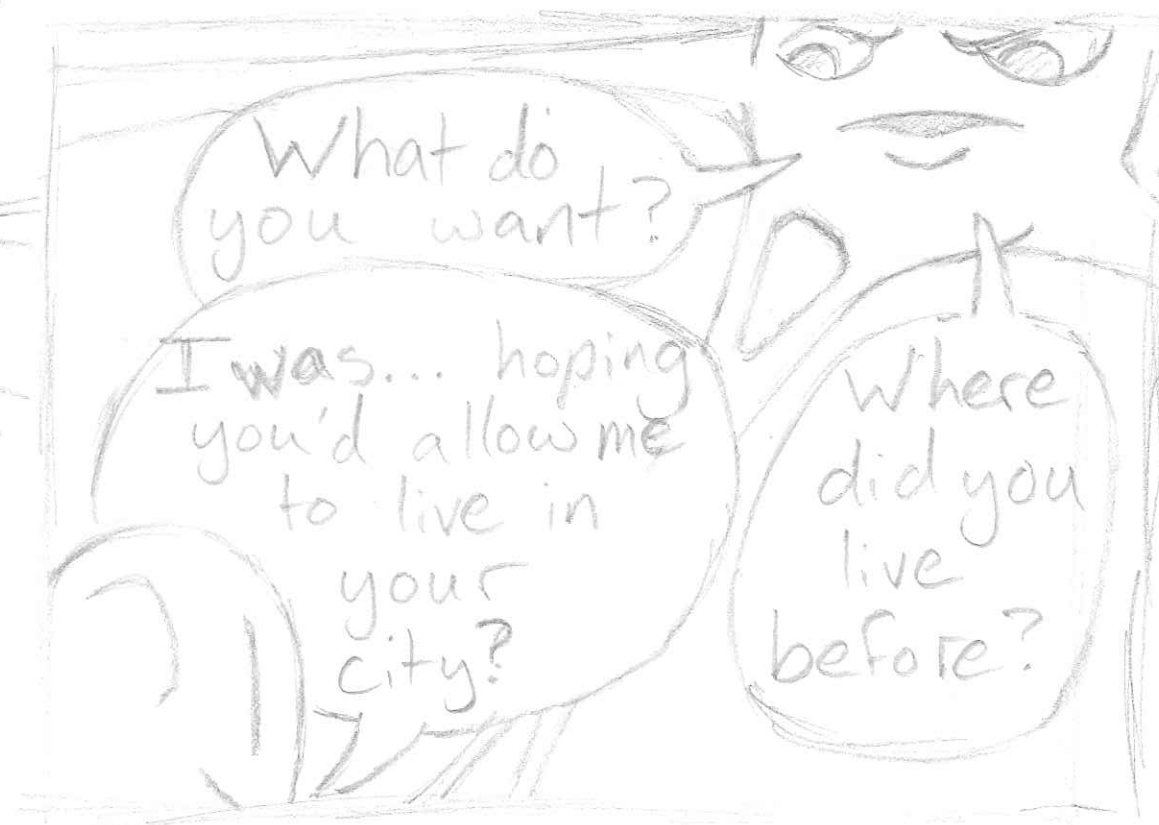

Where even am I?

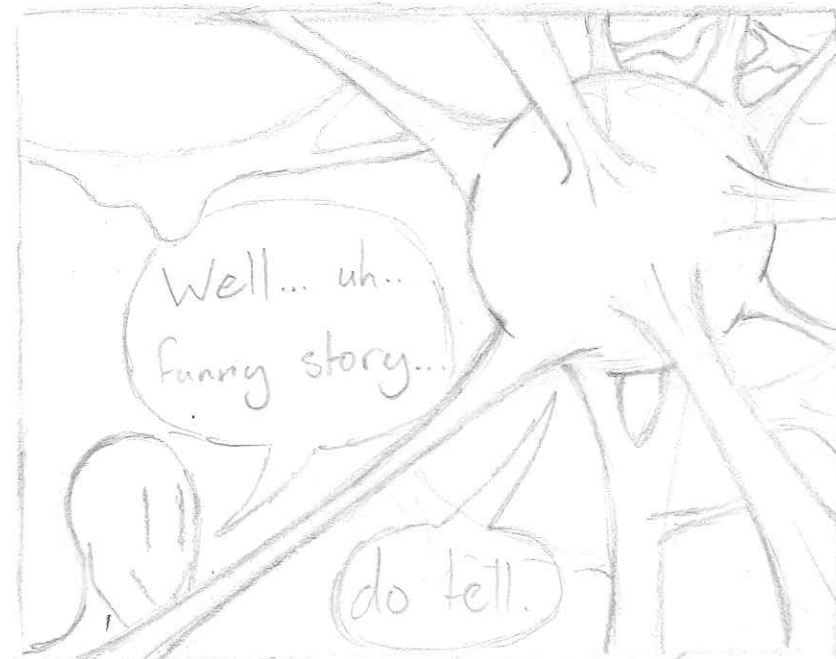

I knew you weren't.  
We're here, and that's  
where we are. They're them,  
and that's who THEY are.

Now who are YOU?

Well... uh...  
funny story...

do tell.

I have no memories from before  
20 minutes ago.

I think I just barely  
came into existence.

Hmph.

It's been so long  
since the great  
awakening.

I thought we  
were done  
with this.

I don't  
know what  
that means.  
Can I stay?

Ugh. Fine.

Thanks!
